

Charles Outdoor

POLTRONE

2010

Antonio Citterio

Description

The Charles Outdoor armchair, part of the homonymous series of outdoor seating, maintains the characteristics that have made the Charles indoor seating system a classic with a decidedly contemporary taste. Indeed, the system features the same slim frame, flexibility and signature design of the inverted “L” shaped feet. With its rigorous, timeless aesthetic, it stands out for its surface created by an open interlacing polypropylene ribbon.

Technical information

Internal frame

tubular aluminium and aluminium profiles

Interlacing

polypropylene fibre

Seat cushion

shaped polyurethane, cover in water repellent polyester fibre

Back cushion

polyester fibre, cover in water repellent polyester fibre

Feet

die-cast aluminium with polyester powder painting

Ferrules

thermoplastic material

Waterproof cover cloth

PES fabric coated on one side in PU

Cover

fabric in limited categories
