Description

Quiet Lines, a transversal collection consisting of writing desk, bench, bedside table, and screen, is the result of research into serenity by Gabriel Tan and B&B Italia. The silhouette of each collection piece is made up of curved and straight lines, with a striking graphic mark. The curved surfaces upholstered in leather provide tactility and comfort and muffle the sound of objects as they are placed on the shelves. The bench, a versatile element that lends itself to various uses and environments, has a shelf under the seat that can be used to store blankets, clothing and objects.
