

Alys LETTI

2013

Gabriele & Oscar Buratti

Description

A sheet of leather "pinched" in two places at the base: here is where the movement and natural inclination of the Alys headboard originate. A headboard with a welcoming and protective shape, of great formal effectiveness, that has thin perimeter strips marked by a lengthwise seam. Alys frame can be placed at two different heights, thanks to two sets of feet supplied with the bed.

Technical information

Internal frame tubular steel and steel profiles Internal frame upholstery Bayfit® flexible cold shaped polyurethane foam Bed sides anodized aluminium extrusions Feet thermoplastic material Slatted base tubular steel and wood multi-layered slats Support crosspiece for slatted base tubular steel Cover thick leather
