

Mirto Outdoor

LETTINI

2013

Antonio Citterio

Description

Timeless, resistant and long-lasting, both formally and physically, the Mirto Outdoor loungers stand out for their essential and elegant design. They feature a light aluminium frame and a seat and back in Batyline® Canatex mesh, whose hemp fibre confers a more natural look compared to the plastics usually used in this sector. The edges are expertly cut, sewn and glued around the profiles to create a minimalist décor. The Mirto Outdoor collection includes two versions, both with a backrest that can be adjusted to several positions. Moreover, both come with an optional sunshade and padded mattress for added comfort. Finally, small, discreet wheels on the crosspieces make the lounge particularly easy to move.

Technical information

Frame

die-cast aluminium and extrusions with polyurethane painting

Seat and back

Stige mesh in Batyline® Canatex

Edge

Batyline® Keops

Wheels

acetal resin

Hinge

micro die-cast stainless steel

Handrail

vulcanised thermoplastic material

Upholstery

shaped polyurethane, polyester fibre cover

Ferrules

thermoplastic elastomer

Waterproof cover cloth

PES fabric coated on one side in PU
