# Mirto Outdoor

LETTINI

2013

Antonio Citterio

## Description

---

Timeless, resistant and long-lasting, both formally and physically, the Mirto Outdoor loungers stand out for their essential and elegant design. They feature a light aluminium frame and a seat and back in Batyline® Canatex mesh, whose hemp fibre confers a more natural look compared to the plastics usually used in this sector. The edges are expertly cut, sewn and glued around the profiles to create a minimalist décor. The Mirto Outdoor collection includes two versions, both with a backrest that can be adjusted to several positions. Moreover, both come with an optional sunshade and padded mattress for added comfort. Finally, small, discreet wheels on the crosspieces make the lounge particularly easy to move.

## Technical information

---

**Frame**

die-cast aluminium and extrusions with polyurethane painting

**Seat and back**

Stige mesh in Batyline® Canatex

**Edge**

Batyline® Keops

**Wheels**

acetal resin
