Jakob Wagner

## Description

One-of-a-kind, moulded in a continuous, joint-free shape, the Link Outdoor table stands out for its pure design and soft materiality. It is made from a practical technological material: a special Cristalplant® compound with a soft-touch effect of considerable sensory impact. Suitable for indoor and outdoor use.

## **Technical** information

**Top and legs** Cristalplant Outdoor® (natural mineral filler of phosphate of aluminium with polyester acrylate resin) **Waterproof cover cloth** PES fabric coated on one side in PU
