

Husk Outdoor

ARMCHAIRS

2011

Patricia Urquiola

Description

Comfort and eco-sustainability are the key words for describing the Husk Outdoor chairs. A collection that is a tribute to softness and an invitation to relax thanks to the generous extra soft cushions with a capitonné design. The hard shell is made of Hirek®, a special plastic material made up of recycled and recyclable polymers. The shell is in one colour, while the fixed seat support is available in different colours. The cushions come in two versions, with larger sizes on the seat or on the back.
