Description

Quiet Lines, a transversal collection consisting of writing desk, bench, bedside table, and screen, is the result of research into serenity by Gabriel Tan and B&B Italia. The silhouette of each collection piece is made up of curved and straight lines, with a striking graphic mark. The curved surfaces upholstered in leather provide tactility and comfort and muffle the sound of objects as they are placed on the shelves. The screen responds to the need to delimit and define spaces. It is proposed with three or four doors covered in leather that can be adjusted as desired.
