Michel Club

SOFAS

2015

Antonio Citterio

Description

Michel Club von Antonio Citterio ist eine Weiterentwicklung des Sitzmöbelsystems Michel, das 2012 mit großem Erfolg präsentiert wurde. Aufgrund der neuen technisch-formalen Ausrichtung, die das Verhältnis zwischen Gestell und Sitzkissen neu proportioniert, stellt Michel Club eine traditionelle und gleichzeitig äußerst moderne Designvariante dar. Das Sofasystem ist durch eine breite Auswahl an Sitzelementen charakterisiert, die eine flexible Gestaltung des Wohnbereichs ermöglichen: 34 gerade und kombinierbare Elemente in verschiedenen Größen sowie 5 quadratische und rechteckige Hocker eignen sich für zahlreiche Kompositionen mit sowohl formaler, als auch geselliger Ausrichtung. Bequeme Rückenpolster mit Kopflehne und zusätzliche Kissen in verschiedenen Größen bieten Entspannung und Konversation im Zeichen des Komforts und der Eleganz. Michel Club ist mit einer breiten Auswahl an Stoff- und Ledertypen der Kollektion B&B Italia erhältlich. Durch die Kombination verschiedener Texturen und Farben kann dem Sitzmöbelsystem eine zusätzliche persönliche Note verliehen werden.

Technical information

Rückenlehne und Armlehne Innenrahmen
Stahlrohre und -profile
Rückenlehne und Armlehne Innenrahmen Füllung
kalt elastischer Polyurethanschaum Bayfit®, Polyesterfaser, Futter aus Polyesterfaser
