

# Terminal 1

ARMCHAIRS

2008

Jean-Marie Massaud

## Description

---

With the dual function of armchair and chaise longue, Terminal 1 possesses the essential elements of a floating sculpture. A strong aptitude for experimentation results in fluid shapes, epitomised by an exquisite balance between the seats and the metal support, and a striking contrast between the glossy frame and the matt leather cover, enhancing the sophistication of the piece's monochrome appearance.

## Technical information

---

**Innenschale**

hartem Polyurethan

**Innenschale Füllung**

kalt elastischer Polyurethanschaum

**Traggestell**

Stahlrohre

**Außenschale**

hartem Polyurethan

**Fußgleiter**

Material thermoplastisch

**Bezug**

Leder Gamma
