BEDS

Antonio Citterio

Description

A brand new element in the Noonu archipelago is the bed. Its lines echo the design of the sofa, in particular the headboard, an element that instantly stands out for its understated grandeur, attracting the eye and enveloping the body. In pure Noonu style, the underlying frame is slightly suspended off the ground as if floating on the floor. At the base of the bed we find the usual metal profile in curved aluminium, available in bright brushed, black chromed and pewter grey versions. As with the whole Noonu range, the bed can be covered in leather or fabric. For ease of movement, the bed can rest on four fixed feet or on two fixed feet and two wheels, positioned inside the frame to remove them from view.
