

Mirto Indoor

TABLES

2014

Antonio Citterio

Description

A square variant and three rectangular tables. These are the different versions of the Mirto Indoor tables. The components are characterized by a simple design of reduced thickness that offers specific details and a wide array of materials and finishes. The table tops range from the reflections of glass to compact marbles onto the different grains and colours of wood. The combinations of structure make for a variety of solutions, also including monochromatic.
