

# Piccola Papilio

ARMCHAIRS

2010

Naoto Fukasawa

## Description

---

Although small in size, the Piccola Papilio armchair ensures exceptional comfort. The backrest is designed as two “wings” that support the back and welcome the user with the graceful movement of a butterfly, or “papilio” in Latin. Upholstered either in fabric or leather, the armchair stands out for its fluid, truncated cone shape and for the zipper placed on the backrest, a decorative and functional feature common to the entire Papilio series.

## Technical information

---
