# Canasta '13

CHAIRS

Patricia Urquiola

## Description

---

Canasta '13 is an outdoor chair that is given a light, transparent, bright appearance by a particular interlacing favouring the passage of light. This is a project in harmony with nature, which uses a melange polyethylene yarn with a surprisingly natural texture for the interlacing. Soft seat and back cushions, with refined textile coverings, complete the proposal. The Canasta '13 chair forms part of a complete line of seats that also includes sofas and armchairs.

# Technical information

---

**Frame**

aluminium or steel with polyester powder painting

**Interlacing**

polyethylene fibre

**Seat cushion**

shaped polyurethane, cover in water repellent polyester fibre

**Back cushion**

polyester fibre, cover in water repellent polyester fibre

**Ferrules**

thermoplastic material

**Waterproof cover cloth**

PES fabric coated on one side in PU

**Cover**

fabric in limited categories
